Education reform	2738-SubA	7096-SubAaa	-2	to forbid the state Department of Education from requiring "highly effective" teachers to be evaluated more frequently than every three years and "effective" more frequently than every two years
Constitutional government	2774-SubA	7939-SubA	1	to create a process and a board by which a person disqualified from owning a firearm could appeal and remove that restriction
Constitutional government	2778-aa	7944-SubAaa	-2	to expand the state's receivership law, which temporarily takes control of expenditures and taxes out of the hands of local officials and voters, to include local fire districts
Tax & Budget	2791-SubA	8219-SubA	-2	to fund new full-day kindergarten programs in government schools at the full rate of the state funding formula, rather than the phased-in rate for most students. The legislation would also require that preference be given to urban schools for full-day K
Regulatory environment	2796-SubA		-1	to give preference to companies bidding for state contracts if their highest-paid executives receive no more than 32 times the pay of their lowest-paid full-time employees
Regulatory environment	2801-SubAaa	8042-SubA	-1	to enhance the mandate for health insurance coverage of mental health and substance-abuse treatments, including (among other things) the removal of all lifetime limits for such treatment and an inclusion of mental retardation, learning disorters, motor skills disorders, communication disorders, and others as "mental illnesses"
Tax & Budget	2805-aa	7801-SubA	-1	to create another layer of government in addition to a town government and two water districts that can tax property in a section of Tiverton to pay for sewers
Public sector labor	2829-SubA		-1	to create a special license plate in honor of Cesar Chavez, with half of the proceeds going to the Cesar Chavez Scholarship Fund administered by the RI Foundation
Education reform	2862-SubA		1	to require school districts to list charter school expenses as a separate line item, and to require the state Dept. of Education to report data on charters' revenue, expenses, and performance
Regulatory environment	2869-aa	7971-SubA	1	to relieve motor fuel distributors from the requirement to post a bond to cover expected taxes if they've paid their taxes for three years in a row
Regulatory environment	2878-SubA		-1	to forbid group health plans and insurance providers to set up different arrangements with providers "acting within the scope" of their licenses or certifications for the purpose of accident and sickness insurance policies
Constitutional government	2885-aa	7974-aa	1	to forbid elected officials in North Providence from taking jobs with the city within two years of leaving office
Regulatory environment	2935-aa		-1	to significantly increase the fines for violation of regulations for electricians (mostly licensing), from $500 to $1,500 for a first violation and from $950 to $2,000 for subsequent violations
Tax & Budget	2952-SubA	7904-SubA	-3	to require state agencies (including quasi-public corporations) to use resources to develop climate change plans and "to the maximum extent feasible" to purchase fuel, hybrids, and vehicles with radical environmentalism as an important consideration. The legislation would create a "climage change coordinating council" and two advisory boards to study and push the issue of climate change in state government.
Tax & Budget	2997-SubA	8371	-2	to write the Governor's Workforce Board, previously established under an executive order, into state law by giving it the powers of the Human Resource Investment Council and to expand its authority to cover all workforce initiatives with state government. The legislation would also make integration of "immigrants... fully into the workforce" one of the justifications for the board's existence.
Constitutional government	3013-SubAaa	8170-aa	-1	to allow Twin River to extend lines of credit up to $50,000 to gamblers
Tax & Budget	3053-SubAaa	8282-aa	-1	to incrementally increase the maximum payment for workers compensation to 125% the state's average weekly wage. The legislation would also add a personal injury attorney to the Workers' Compensation Advisory Council and make technical changes to workers compensation.
Constitutional government	3057-SubA		-1	to hand out, in the name of individual senators, compensation for vehicles damaged by deficiencies in state roads or activities
Tax & Budget		7204	-1	to ask the federal government to designate Rhode Island as a "Promise Zone," indicating economic hardship in the state, which would provide eligibility to federal subsidies through tax credits for businesses
Regulatory environment		7235	-1	to handicap out-of-state organizations bidding on state contracts if their home states do the same
Regulatory environment		8171	-1	to create a special liquor license for 24-hour casinos that would loosen the rules for the sale and consumption of alcohol only in such businesses
Constitutional government		8273	-1	to hand out, in the name of individual representatives, compensation for vehicles damaged by deficiencies in state roads or activities
Tax & Budget		8342	-1	to allow the Providence Building Authority to enter into $10 million of debt without voter approval for public school improvement projects and to make the principal and interest of the debt eligible for state taxpayer subsidization through housing aid reimbursements
Tax & Budget		7133-SubAaa	-3	to set the fiscal year 2015 budget for the state government
Regulatory environment	7133-SubAaa-A11SubA-section4		1	to forbid cities and towns from implementing a minimum wage higher than the state's
Tax & Budget	7133-SubAaa-A12SubAaa		-2	to increase tax collections by $16.4 million by blocking Rhode Islanders from registering their vehicles if they are delinquent in their tax payments, charging all Rhode Islanders an assumed tax on items that they bought online or out of state, taking the pay of state and municipal employees who owe any taxes, limiting the property tax relief credit strictly to the elderly and disabled, increasing the real estate conveyance tax by 15%, and criminalizing technology that understates sales taxes. The legislation would use this new revenue to increase the earned income tax credit for lower-income Rhode Islanders ($4.5 million), extending the tax exemption on wine and spirits ($1.6 million), and eliminating the estate tax on estates up to $1.5 million ($9.4 million). The article also restructures the business taxes to reduce the corporate income tax from 9% to 7% and eliminate the franchise tax, but implement "combined reporting," thereby making the reform revenue neutral or perhaps a net increase in taxes
Tax & Budget	7133-SubAaa-A16SubAaa		-1	to increase hospital licensing fees by $156.1 million for fiscal year 2015 and $145.9 million for fiscal year 2014. The article would also change the way in which the state funds infant and adult immunization programs
Tax & Budget	7133-SubAaa-A4SubAaa		-2	to approve almost $200 million of new debt for the state government, mostly in the form of moral obligation bonds issued through quasi-public agencies. The intended projects include a parking facility for the Garrahy Courthouse, improvements and additions to the airport, refinancing of RI Depositors Economic Protection Corp. (DEPCO) debt, refinancing of tobacco settlement debt, and leasing and supplies for a joint nursing center for the University of Rhode Island and Rhode Island College.
Tax & Budget	7133-SubAaa-A5SubAaa		-2	to approve $248 million in general obligation bonds to be approved by voters in November's election. Funded projects include renovations to the University of Rhode Island's College of Engineering, renovations to public and nonprofit theaters and performance spaces, renovations to mass transit hubs, and for clean water, open space, and "healthy communities" projects
Regulatory environment		7229-aa	1	to give the tax administrator leeway to allow the renewal of a driver's license and registration for those who are delinquent in their taxes but unemployed and seeking work
Constitutional government		7344-SubA	1	to allow night-time hunting licences to be renewed every five years, instead of every year
Regulatory environment		7410-SubA	1	to allow liquor stores to advertise in places other than their stores for sampling events
Public sector labor		8151-aa	-1	to allow municipalities acting under fiscal oversight from a state-appointed overseer, commission, receive, or advisor to hire state retirees without those retirees having their retirement benefits suspended as usually required by law
